[92 95 Civic Engine](#)

In Pakistan, the fifth generation Civic was launched and manufactured from May 1994, only in the sedan bodystyle. The single engine option was a 1.5 L 16 valve carburettor engine and the only transmission choice was a 5-speed manual. The fifth generation Civic was the first to be manufactured in Pakistan and was manufactured until December 1995.

A timing belt failure is bad news because when the belt breaks, the camshaft stops turning and the engine dies. Worse yet, if the engine is an "interference" engine (one that lacks sufficient clearance between the valves and pistons if the cam stops turning), the result can be one or more bent valves (usually intake valves), and possibly a ...
