Herpetology Notes has the International Standard Serial Number ISSN

2071-5773 . SCOPE OF THE JOURNAL.

The goal of Herpetology Notes is to offer a forum for fast and straightforward publication of natural history

observations that otherwise may remain unpublished or in the grey literature.

Although the focus of the journal is mainly on the European herpetofauna, contributions from other continents are also welcome.

Herpetofaunians Of Surinam

The herpetofauna of Andaman and Nicobar Island is diverse and has not been much focused. We present a brief history of herpetofaunal exploration and an annotated checklist in this chapter. A total of 102 species of amphibians and reptiles were occurring in terrestrial and marine environments of Andaman and Nicobar Islands.
